Cities' Appeal Adds $22,500 To Gas Share

James Sees 'Politics' Back of Demands Of Spokesman

Cities of the peninsula today had gained $22,500 in their appeal before the board of supervisors for additional shares of the state gas taxes and the action necessitated further paring of County Engineer James S. James' budget.

The board agreed to increase the cities' share from $31,000 to $41,000, and agreed to take out of the cities' original grant a $12,500 item for the Daly City "bottleneck" widening. This is returned, however, as a county item and is definitely earmarked.

The $41,000 fund which the cities win is half of what was requested some weeks ago. At that time $80,000, or one-half of the county's estimated gas tax revenue, was requested. The cities' share will be a ¼-cent instead of the requested ½-cent. Projects within city limits total $60,500.

Engineer James said the budget now totals approximately $256,420 and will require shrinking to $230,000 to fit estimated revenues.

James freely declared that city spokesmen were taking advantage of politics in forcing their demands.

He declared capital was being made of the fact that two supervisors, Chairman C. V. Thompson, Burlingame, and Rosalie M. Brown, San Mateo, were up for re-election and both came from populated areas where big shares of the state gas tax funds are paid.

The engineer said that the division of the gas funds for use on city streets was a further diversion from the original intent of the fuel tax.

Safely in the budget was the $7,000 item for the Woodside drainage culvert and $12,500 for the Daly City bottleneck. Also in the budget was $4,000 for the Pope street bridge in North Palo Alto.

Other city items previously listed will be subject to revision by the cities so that the most desired projects will gain preference.

Proposals of the cities that the county lump the fund together and allow the municipalities to draw upon it as needs arose was declared by Assistant District Attorney Richard O. Bell to be illegal.

The money, he said, must be set out for specific projects. Cities were advised, therefore, to determine on which streets and roads the money was desired.

James advised the cities to bring in "worthy projects" of county interest or the municipalities would be going contrary to the charter.

Answering Mayor Charles Lambert's query as to the status of the Woodside item, Chairman Thompson said, "It's in the budget."

"That is an obligation we owe to Redwood City and I for one will see that it is retained. The same goes for the pledge of $12,500 for the Daly City project," Dr. Thompson said.

Robert Klassen, assistant engineer of several peninsula cities, disputed a $12,500 item for purchase of rights-of-way on the La Honda road. This money, he believed, should be used for the benefits of cities.

James replied that he hopes to secure a SERA project on the Woodside road and that the right-of-way was absolutely necessary.

Klassen attacked the proposed price of $1000 per acre "for the points and gulches" required in the widening and straightening of the Woodside road.

Supervisor John Poole raised his voiced in defense of the Woodside appropriation, declaring the highway was one of the heaviest cross-county carriers.

Supervisor Albert Witt, Colma, protested having too many of the projects in the lower peninsula area. He said this increased relief costs by necessity of transportation of men for great distances.

Supervisor Rosalie Brown moved, Supervisor Manuel Francis seconding, that the cities' share be increased.

Surviving him are two sisters, Miss Sallie Nelson and Mrs. T. C. Rice, both of Redwood City.

BONDS MAY BE CITY'S CHOICE ON 1915 DEBT

Placing of a bond issue of between $125,000 and $150,000 before the voters in August to meet defaults by Redwood City property owners on 1915 street improvement bonds was looked upon favorably by the city council last night.

Final decision of the council is expected to be based upon what other cities might do in the matter and upon the outlook of efforts to have the bondholders take less than the face value of their holdings.

The contemplated action follows the showing by a Tribune citizens' poll that this method meets with favor of the taxpayers.

It is an alternative plan to the levy of a direct tax of from 20 to 30 cents per $100 to meet interest payments on the defaults.

Necessity of taking some action was urged upon the city council by City Attorney Albert Mansfield at a recent meeting because of the ruling by the supreme court in the City of Lakeport case holding cities responsible where property owners default on street payments.

Mansfield suggested a direct tax for the first year as a "token payment" toward the delinquent interest to show the city's sincerity in attempting to meet the obligation.

The proposal thereafter would be to confer with the bondholders and to secure the bonds at a figure of so much on the dollar.

The same proposal would be followed by the council with the bond funds, if voted. The council, it was pointed out, would be in a position to settle for much less than 100 cents on the dollar. The board held the general view that the bonds, like the property against which they were placed, have fallen in value.

The danger was seen by some members of the board that if funds were available, bondholders might not consent to less than the face value of their security.

Would Foreclose Property

The city would reimburse itself for its expenditures by foreclosure of property on which defaults had occurred.

Under the bonding plan, the load, it was pointed out, would be spread over a period of 10 years, whereas the direct tax would be a much heavier burden over a shorter period, it was declared.

Instead of paying 7 per cent interest on the improvement bonds, Councilman James Eva pointed out, the city would require only 4 per cent on its own bonds. This would net a considerable saving of interest.

City Attorney Mansfield declared that the bonding plan was the "cheapest and best way out."

Take Preliminary Steps

Richard E. Savage, 1556 James avenue, voiced his approval of the bond plan.

Councilman Robert Jones and others also spoke in its favor.

Upon motion of Councilman Evans Fletcher, seconded by Councilman Louis Christensen, the matter of preliminary steps for placing the bond issue before the voters was approved.

A connoisseur of painting and sculpture, Danysh is also an epicure whose hobby is cooking. He will describe his favorite dishes and those of several great painters with whom he has been associated. Menu Flashes comes over KPO at 10 o'clock Monday and Thursday mornings.

2-Acre Fire Occurs From 4th Skyrocket

BELMONT, July 4.—A Fourth of July skyrocket landing in dry grass caused a blaze that burned over two vacant lots near the Belle Monti Country Club last night before it was put out by the Belmont Fire Department.

The local firemen were called out again shortly before noon today to extinguish a small grass fire on Terrace drive, near Belle Monti.

Augustus Is Elected Head of Veterans

William H. Augustus, chief deputy county clerk, was back on the job today after a week's vacation in which he gained a new title.

Augustus was elected commander of District No. 6 of the Veterans of Foreign Wars in California at the state convention of the organization at San Diego. This also makes him a member of the state council of administration.

His candidacy for the post was sponsored by the San Mateo-Santa Clara council of V. F. W. The district includes San Francisco, San Mateo, Santa Clara, San Benito, Santa Cruz and Monterey counties.

City Pay Reduction Is Postponed Two Weeks

Action by the city council on proposed executive salary reductions and consolidation of duties of several offices will be taken at the July 16 meeting, the board agreed Monday night.

Absence of Councilman Paul McCarthy on vacation resulted in a postponement of action last night, and the departure shortly of Councilmen Louis Christensen and Robert Jones has forestalled a special meeting.

The board agreed, therefore, that in view of budget decisions which soon must be made, the action on two proposed "new deal" resolutions must be taken.

Body of Japanese Lad Is Recovered

The body of Ebu Muranaka, 7, of Route 2, Box 191B, Mountain View, who was drowned in a small lake on Point ranch near Pigeon Point on the coastside, was recovered late Tuesday by dragging by Deputy Sheriff Adolph Waldeck and Constable Walter Moore.

The lad was at the point on a picnic with his parents, when he went boating on the lake with another boy. He slipped and fell into the water.

After his body had been recovered, Dr. George Davis and members of the coast guard station at Pigeon Point worked unavailingly to revive him.

His body was removed to the Sneider and Dutra chapel at Half Moon Bay.

Fireworks Mixed; Wrong Package Sent Here

Several hundred Redwood City people ushered in the Fourth of July holiday last night at a large dance and celebration at upper Emerald Lake.

The disappointing fireworks display which brought humiliation to Councilman Evans Fletcher, chairman, was caused by a clerk's mistake in shipping the wrong package to Redwood City. The error was discovered several hours before the time for the fireworks, but the next box of fireworks did not arrive as scheduled.

Following a fireworks display on the shore of the lake, the crowd adjourned to El Casino, where a dance was held for the benefit of the Redwood City Humane Society's pet show.

The dance netted $60.

Trade-in of an old police roadster in favor of a new sedan was approved by the council Monday night. The item, costing $413, is contained in the 1934-35 budget.

Tax Penalty Slash Studied By Councilmen

1% Monthly Interest Charge Proposed After First Year

Reduction of Redwood City's tax penalties after the first year so that property owners could find it easier to pay up their delinquencies and thus avoid the situation where they are faced with the loss of their homes met with general favor of the council Monday night.

The proposal was advanced two weeks ago by City Councilman Paul McCarthy.

City Manager Ernest Rolison, City Attorney Albert Mansfield and City Collector Nelle Miramontes in a report to the city council last night supported the idea and suggested a proposed penalty scale which would bring considerable relief.

Redwood City would, under the proposed schedule, continue to levy a 10 per cent penalty on the first installment of taxes if not paid by December 5; a 5 per cent additional penalty on the same installment if still due by April 20, and an additional 5 per cent penalty on the second installment.

1 Per Cent Monthly Penalty

But instead of increasing penalties to where a 50 per cent sum is charged at the end of the five-year redemption period, the council would charge 1 per cent per month, or 12 per cent per year, after the first year. This, the tax penalty committee held, would be much easier on the taxpayer.

The 12 per cent, it was pointed out, would be sufficiently above banking interest to discourage withholding of tax payment, or borrowing at city expense, but considerably below the severity of penalties where they run into several years.

City Attorney Mansfield said that many cities had come to the aid of the taxpayers in this way. The plan met with the favor of the councilmen but time was asked, particularly by Councilman James Eva, in which to study the proposed new rates.

How Delinquencies Compare

Delinquency penalties in the several peninsula cities and the county of San Mateo compare as follows:

Redwood City—Ten per cent on first installment if not paid by December 5; 5 per cent additional on same installment if unpaid by April 20, and 5 per cent on the second installment; 10 per cent for the first six months of the next year, and 20 per cent for the following six months; 30 per cent for the third year; 40 per cent for the fourth year; 45 per cent for the fifth year, and 50 per cent for the sixth year.

San Mateo—Same schedule, except that San Mateo a year ago waived all penalties but charged 7 per cent interest; undecided on the future penalties.

Burlingame—Ten per cent, 5 per cent and 5 per cent; 5 per cent for the first six months of the second year; 10 per cent for the next six months, and 10 per cent for each succeeding year for the five-year redemption period. These were temporary penalties and were 50 per cent of charges called for by ordinance.

County of San Mateo—Eight per cent, 3 per cent and 3 per cent, with 1 per cent per month.

Palo Alto—Same schedule as San Mateo county.

P. A. Utilities Earn $140,182

Huge Profits Recorded With Lowest Rates On Peninsula

PALO ALTO, July 4 (Special)—Palo Alto's municipally owned utility plants had a good year, in spite of the depression; indeed, as far as surplus is concerned, the past fiscal period showed a material improvement over operations of the year 1932-33.

At last night's meeting of the city council the sum of $140,812.17 was transferred from the utility accounts to the general fund. In other words, the surplus or profit of these plants for 1933-34 amounted to $140,812.17, which compares with $136,175.01 for the preceding year and $133,281.44 in 1931-32.

The surplus of the various utility plants is given as follows:

Water, $49,816.69; light, $79,256.79; gas, $6,914 50; destructor, $4,824.19.

Commenting on the record, Councilman W. H. Kelly said: "It is a constant source of gratification to find that the utilities are able to turn over such substantial sums to the city each year. It is a strong indication of the efficiency of the utility management. And these profits are declared in face of lower rates to the consumer than prevail in other communities of the peninsula."

To which Councilman C. H. Judson added the remark that these utility surpluses are "the chief factor in keeping down the tax rate in Palo Alto."

Canadian Ports Aided By Strike, Says Councilman

Business in Vancouver, Victoria and other British Columbia ports is prospering as a result of the strike in Pacific Coast ports in the United States, Councilman James M. Eva told members of the Redwood City Exchange Club of their meeting Tuesday in describing his recent motor trip to Canada.

While he was in Vancouver, Eva said, a San Francisco ship docked there and union stevedores refused to move its cargo. There was no interference, however, when a non-union crew unloaded the vessel, he reported.

Distribution of prizes to winners in the club's golf tournament Sunday at Sharp Park was made by Colin Stokes. Low gross and low net went to Z. T. Thorning, guest player. John McCarthy won honors among the club members, and high score was turned in by William Kelty.

Joseph E. Baughn was chairman of the evening.

B. E. Myers Elected Y.M.C.A. Chairman

B. E. Myers has been elected to the chairmanship and Dr. W. B. Langston to the vice-chairmanship of the Redwood City committee of the Young Men's Christian Association, following a meeting at the Fox Shop. Amerigo Rossi was welcomed as a new member of the committee.

Bert Werder reported on the camp and the plan that is being followed for this year, including additional safety measures.

Mr. Rossi reported on the financing of the new 928-acre camp project at Jones gulch. Redwood City is making an effort to be first to reach its goal among the cities of the peninsula. The San Mateo county area is leading the San Francisco brances. A report was also made on the dedication service which was held at the new camp.

Drill Team Uniforms Chosen By Auxiliary

San Mateo County Council, American Legion auxiliary, at its meeting recently in the Daly City Legion Hall officially selected uniforms for the drill team. The team expects to enter the elimination contests at the state convention in August.

Mrs. Irene Doyle, chairman of the recent card party held in South San Francisco for the benefit of the drill team fund, reported that it had been a financial success and recommended that another be given for the same purpose during July. Mrs. T. Louis Chess, president, and the advisory council will meet shortly to make plans for a date and place for such an affair.

Among the Redwood City members of the team who have practiced once each week since March 1 and until convention will practice two or three times a week are May Wright, Anna Robb and M. Karns.

Incurs Rib Fractures In Motor Mishap On Skyline

Traffic Officer James Dalziel of San Mateo county was seriously injured last night by a hit-run motorist on Crystal Springs road near San Mateo. He was under treatment today at Mills Memorial Hospital for the fracture of three ribs.

Dalziel was on his motorcycle driving towards San Mateo when he was sideswiped by an automobile, which failed to stop and left him lying injured in the road. A passing motorist picked him up and rushed him to the hospital.

The accident occurred at about 7:30 o'clock, just a few minutes after Traffic Officer John Couch had left Dalziel near the Skyline boulevard.

Jackson States Aims in Seeking Assessor Post

Standing squarely on a platform of "equality of taxes for poor and rich," Clarence W. Jackson of San Mateo Park, announces his candidacy for the office of assessor of San Mateo county. A resident of this county for more than 14 years, Mr. Jackson feels that by experience and training he is peculiarly fitted to perform the duties of county assessor.

As a master builder, or architect, Mr. Jackson is thoroughly familiar with present day building costs and real estate values and he believes that present conditions should be considered in fixing assessment values.

"San Mateo county is still working under assessment values fixed years ago when conditions and values were entirely different from those of today," states Mr. Jackson. "I believe that a redetermination of values is an absolute necessity before there can be any equalization of assessments.

"This county has expended approximately $40,000 in such an attempt, but the work was abandoned when about three-fourths completed, and the money spent will be a total loss unless this work is carried on to its end. And there can be no really fair and equitable assessment for the small property holder, for the owner of average home, until fair values are determined.

"If elected to the office of assessor, I pledge myself to work toward a completion of this survey in order to achieve equalization of taxes between the small and large property owner."

Delay in Sending Alarm Is Reported

SAN MATEO, July 4.—While funeral services were being arranged in San Francisco today for tomorrow's burial of the two child victims of Sunday morning's fatal fire here, it was revealed that their lives might have been saved if quick action had followed first discovery of the blaze.

Approximately 15 minutes' delay in giving the alarm was disclosed by the investigations of Fire Chief Hugh Morris and Police Chief Thomas Burke into the blaze that destroyed the home of Mrs. Henriette Erhart Ruggles and cost the lives of her two children, Henriette ("Happy"), 8, and John, 6.

Chiefs Morris and Burke declared that Teresa Cassidy, cook in the home, lay awake for some 10 minutes before going to investigate the smell of smoke. Another few minutes elapsed before she gave the alarm, according to the investigators. By that time the fire was out of control, and the children were trapped and burned to death.

Morris said he did not believe that the cause of the fire would be learned. He blamed either an electrical appliance or a cigaret.

MENLO PARK NEWS

The Hugh Porter estate on Ringwood avenue has been leased to a wealthy New Yorker who will occupy the place in a few days.

Father McKeon, the newly appointed pastor of the Church of the Nativity, was an assistant here when the late Father J. B. Hannigan was pastor. The Menlo Park Church was Father McKeon's first assignment after his ordaination at St. Patrick's Seminary. He came back after an absence of eighteen years from Calistoga, where he has been pastor for many years. Yesterday Father McKeon assumed charge of his new duties.

Mrs. F. W. Johnson of Menlo Park is passing a few days with her parents, Mr. and Mrs. P. M. Comer of Los Gatos.

Additions to the colony around the Menlo Country Club are Mr. and Mrs. Guy Standifer of Portland and New York. They have taken a house there for the summer.

The Rev. W. L. Bone, with Mrs. Bone and their son, Gene, have gone to Lake Tahoe for a two weeks' outing. His pulpit in the Menlo Park Presbyterian Church will be occupied for the next two Sundays by Col. C. W. Bourne.

Mr. and Mrs. J. F. Worrell and two sons have come up from Seabright to pass two months in Menlo Park, where they formerly lived.

Planning to camp along the way, Mrs. Dorthea Smith and her son, Martin, left Menlo Park Thursday for a trip of six or seven weeks. They will visit Zion and Bryce canyons and Boulder Dam.

Mr. and Mrs. Lee J. Dunn of New London, Conn., are guests at the home of the former's brother, Irving S. Dunn, in Menlo Park.

The following members of Menlo Park American Legion Auxiliary Unit No. 443 attended the San Mateo County Council of Units in Daly City Thursday night: Ethel French, Dora Scott Devol, Clarissa Ross, Irene Boone and Isabelle Lindquist.

Mrs. K. L. Martin and her children, Joy and Daryl, have returned to their home on Hoover street from a three weeks vacation near Santa Cruz.

Mr. and Mrs. W. H. Weeden spent the 4th in Monterey as has been their yearly custom for the past 10 years. Mr. Weeden designed and built the War Memorial Building at the Presidio in Monterey. Mr. and Mrs. Weeden have many friends on the Monterey peninsula, and they enjoy a pleasant reunion with them at the 4th of July festivities.

Mr. Loren Ross and her daughter, Miss Clarissa Ross, are enjoying their vacation with relatives in Fresno.

Major and Mrs. Leon French spent the holiday at their country place on the Mokolumne. Mrs. French is president of Menlo Park American Legion Auxiliary.

Mrs. Hilda Kloch of Oakland spent Sunday with her mother, Mrs. Richard Longfellow.

Isabelle Weeden Lindquist sang two solos at the public memorial services held at Masonic Hall in Palo Alto for deceased members of the Palo Alto Rebekah Lodge Wednesday night. She was accompanied by Miss Brown of San Francisco on the organ and the Misses Weishaamaron with violins.

Divorce Is Obtained By Richenda Rehorst

Mrs. Richenda Roherst, the former Richenda Stevick of Atherton, today had won a divorce in the San Francisco superior court from Joachim Julius Frederick Carl Rehorst, noted German war flier, who is now in Germany as representative of a San Francisco firm. Desertion was the alleged ground.

She was given permission to resume use of her maiden name. Mrs. Rehorst has won acclaim as an actress and sculptress. She married Rehorst in 1926.

New Municipal Well Comes in With Good Flow and Quality

Prospects of any water shortage during the current hot weather were alleviated today when a well drilled by the city came in with a flow of at least 150 gallons a minute. A second well is also being drilled.

Flow of the first well may exceed the 150-gallon figure, according to City Manager E. A. Rolison, because it is at present limited by pump capacity to that limit. The water is of high quality.

Drilling of the two wells, located near the old water works, was ordered two weeks ago by the city council as an emergency measure following the collapse of two old wells.

The city was forced to buy a small amount of water because of the collapse, said Rolison.

Drilling of the new wells is being done by the San Jose Pump and Well Works.

Pre-4th Blaze Destroys Barn

$1000 Damage Caused By Spread of Grass Fire

SAN CARLOS July 3. — After burning off ground on which to set off fireworks in tomorrow's celebration, a caretaker on the W. H. Chipman estate on Baywood drive interrupted his work this afternoon to get some fireworks and returned to find the grass blaze spreading to a large barn on the place.

The caretaker, Jack Colton, dropped his bundle of fireworks and went to work helping the San Carlos Fire Department in its efforts to save the barn, but it was destroyed with a loss of $1000, including saddles and equipment.

Bobby Hyland, 15, was credited with saving the lives of two horses when he opened the corral gate and led the animals away from the burning structure.

The fire was reported at 1 p. m. by Dick Price, a neighbor.

Fat Folks Lose Weight—Feel Fine

Lose Fat This Summer—Keep Cool —Look and Feel Younger

Mrs. Jessie Martin of San Francisco is happy because she has discovered the right, safe way to reduce—read her letter:

"I have taken Kruschen Salts a month and find great benefit. I have lost 14 lbs. in that time and would lose more if I stuck to a diet as I should. I take them every morning regular and hope others will profit by them as I have."

We have letters from men and women who have lost as much as 100 pounds of fat—from people who have reduced high blood pressure—from folks who have no more bloating or shortness of breath.

Kruschen helph stomach, liver, bowels to function properly—increases physical attractiveness all while losing unhealthy fat. Just take a half teaspoonfull in a glass of hot water every morning before breakfast—get it at Sequoia Pharmacy and druggists everywhere.

A Champion's Advice . .

White Star Tuna is a "quick energy" food. Because only the tender, delicate *light meat* is packed, it is an easily digested, easily assimilated food.

White Star Tuna contains Vitamins "A" and "D" . . . iodine, effective preventive of nutritional goiter, and other valuable minerals. No wonder it's the choice of champions, both in sports and in business, who want to stay away from "heavy" foods which slow up their activity!

More of this quality tuna is sold than all other brands combined! It's the one food delicacy that costs no more than "staple" foods!

For 21 years the preferred brand, because only the finest of the catch is packed.

A WONDERFUL NEW SERVICE TO THE PEOPLE OF SAN MATEO COUNTY AND COMMUNITY WHO ARE SUBSCRIBERS TO THE REDWOOD CITY TRIBUNE

A LIMITED $10,000.000 TRAVEL AND PEDESTRIAN ACCIDENT INSURANCE POLICY

10c PAYABLE PER MONTH

To every thinking person—travel and pedestrian accident insurance is not only desirable, but necessary. Statistics, carefully compiled, by the National Safety Council prove that approximately 35,000 persons are killed and ONE MILLION injured, each year, in automobile accidents alone. Add to these the many classes of accidents illustrated on this page and it is bewildering to understand why such appalling hazards go unheeded—by persons who are subject to such eminent danger, every day.

In offering the North American Travel Accident Policy to the public as protection against these various types of accidents, we have kept three factors constantly in mind: (1) The rapid increase of such accidents and the need for protection against them—(2) The tragedy such accidents bring, especially to those who are unprotected, leaving innocent families to suffer—(3) The fact that the home and its protection have a direct bearing on the relationship between this newspaper and the public which it serves.

This policy brings protection to you and your loved ones when you most need it—and pays you money when this need is most urgent—for loss of life, limb, sight or time, caused by any of the accidents as outlined in the policy. Its coverage in greater detail is shown in the panel at the left. Note the liberal sums paid. Read carefully. It vitally concerns you and your family.

If we could personally urge you to obtain one of these policies without delay, we would do so—The best we can do is to print our appeal and to remind every responsible family head that he cannot afford to leave his earning power and family to merciless chance—when less than 1-3 cent per day will provide the protection afforded by one of these policies paying you or your family money when the need is most urgent.

Don't let us urge you to do your duty—toward your loved ones. Do it for their sake and your peace of mind. FILL IN AND MAIL COUPON!
